## INTRODUCTION

Poverty remains a significant global challenge. Addressing these challenges requires global commitment, targeted investments, and strategies tailored to the unique circumstances of each region and country.

Therefore, the Responsibles Foundation is committed to addressing global challenges and making a significant contribution towards a sustainable future. Our mission is to take on responsibilities that contribute to the betterment of society, environment, and future generations. Through strategic initiatives, partnerships, governmental and community engagement, we strive to create sustainable solutions that lead to positive change. Consequently, we aim to foster a sense of ownership and responsibility among individuals, communities, organizations, governmental and non-governmental bodies, encouraging collective action towards a sustainable future.

In this policy plan, the policy proposals for the period 2025 – 2030 is presented. The policy during this period will depend on countries specific developments, fiscal regulations and availability of funds. Should any of these factors change, the Foundation will then anticipate and adjust its policies accordingly. Therefore, this policy remains dynamic.

We commit to maintaining high levels of transparency in all our operations. This includes:

- Regular reporting on project progress and financial expenditures.
- Open communication with stakeholders and donors.
- Accessible documentation and audits available upon request.

### Governance

The Responsibles Foundation is governed by a board of director that ensures adherence to ethical standards and effective management. Our governance structure includes:

- Regular meetings and reviews to monitor progress and address challenges.
- A clear delineation of roles, responsibilities, and accountability mechanisms.
- Processes for conflict resolution and decision-making.

### Benefit & Community Impact

Our initiatives are designed to create a tangible and positive impact on communities worldwide. Key areas of focus include:

- Reducing poverty through sustainable development projects.
- Enhancing education and access to quality learning resources.
- Improving healthcare services and accessibility.
- Promoting environmental sustainability and conservation efforts.
- Building sustainable compounds to ensure the development of different generations

### Partnerships

We build strong partnerships with other organizations, governments, and individuals to maximize the benefits of our projects. Our collaborative approach includes:

- Joint ventures and co-funding opportunities.
- Shared resources and expertise.
- Mutual support and capacity-building initiatives.
